

At the event you will have the chance to meet the artists and makers, learn new skills and enjoy art in an informal way. Along the trail there will be a number of creative activities suitable for all ages and the event is **free to attend**. The art being exhibited this year will be as varied as our venues, so we have included helpful icons next to each site and a handy key at the bottom of the map to give you a feel for what each space may include. We have also indicated where you can find refreshments and toilets at various points on the map.

The trail is also your opportunity to pick up some affordable, locally made art as many of the pieces on show will be for sale throughout the weekend.

What is the Art Trail?

A number of venues will become spaces for temporary art exhibitions, workshops and demonstrations and for a short period of time they will open their doors to the public.

As a visitor you can use this map of locations and artists to explore the different sites as you choose, at your own pace.

Each site will be clearly marked with signage and other decorations.

A group of 12 young people from Leeds are taking part in National Citizen Service (NCS) this summer. As part of their social action project they will be creating a scavenger hunt style activity for the Kirkstall Art Trail. Working as a team they will design the activity, fund raise and prepare all materials needed in order for their idea to come to life!

We would like to say **thank you** to everyone who has helped and supported the Kirkstall Art Trail this year, especially to our exhibiting artists, hosts, volunteers and sponsors Leeds City Council Inner West Community Committee, Kirkstall Bridge Shopping Park and Moores Estate Agents.
